Ever wonder what This Book Beauty is reading? Check out the latest reviews below:

Fae Queen Rising (Book 1 of The Crown of Everguard) by Scarlett M. Honey

Release Date: March 4, 2025

Amazon Link: <https://a.co/d/gzjODUV>

*This Is Not A Paid Promotion Of This Book & I Do **NOT** Receive A Commission From Sales*

Overall Rating: 3 Stars

“I had the privilege of reading an ARC of this book. Overall, I enjoyed the plot and storyline, which followed Rowandine, a princess returning to her familial home after ten years away and discovering things aren’t as they always were. Rowandine believed her future to be relatively simple, but she quickly discovered that was not the case. As secrets unfurl around her, revealing truths about her world and herself that she never expected, she seeks to find an inner strength she didn’t expect.

This book was good for a first in the series and I look forward to seeing where this author takes her writing in the future. The beginning of the book starts relatively slow but picks up quickly and continues at a faster pace until the end of the book. Between the action and the spice of a romantic fantasy, Fae Queen Rising will bring you along for quite an adventure.”

Additional Thoughts: The ending of this book blew my mind and left me wishing book 2 was already out. Unfortunately, it is not so I will have to wait.

Check out Fae Queen Rising if you enjoy the following:

30+ Heroine

Courtly Intrigue

Budding Power

Vampires & Fae

Unique Magic Systems

Fantasy With A Side Of Spice

About the Author

From Scarlett M. Honey's Amazon Author Bio:

“Scarlett M. Honey weaves tales that blend romance and fantasy, inviting readers into captivating worlds filled with adventure and emotion. Here, you can explore the inspirations behind her narratives, her creative process, and the milestones that have shaped her writing journey.

Embrace the authenticity of her storytelling. Her debut series, The Crown of Everguard reflects her unique voice and passion for epic tales. If the words resonate with you, it's a testament to the connection she seeks to create with her audience.”

Let me know if you check this book out and what you think! As always, Happy Reading!
